Subject: Approval to transfer manure: (b) (6) Farms - Dairy Dreams, Kewaunee County

Dear Mr. (b) (6) and Dr. (b) (6):

The Department received a request from (b) (6) with (b) (6) Farms on March 16, 2010 to transfer manure from (b) (6) Farms to Dairy Dreams to ensure (b) (6) Farms maintains appropriate operating levels in their manure storage. Mr. (b) (6) noted that he was in contact with (b) (6) with Dairy Dreams who had capacity for the additional manure and was willing to accept the manure for temporary storage.

At this time, the Department approves the transfer of manure from (b) (6) Farms to Dairy Dreams with the following conditions:

- (b) (6) Farms or their hired contractor will be hauling the manure to Dairy Dreams and will maintain responsibility of the manure until it is placed in manure storage at Dairy Dreams.
- Dairy Dreams will be responsible for the manure once it is placed in their manure storage (maintain storage operating levels, etc).
- (b) (6) Farms or their hired contractor will be hauling the manure out of the storage at Dairy Dreams once weather conditions are appropriate for land application. (b) (6) Farms will be responsible for the proper hauling and land applications requirements of this manure under their nutrient management plan.
- Both (b) (6) Farms and Dairy Dreams shall track the volumes of manure transferred between the two operations in accordance with their WPDES permits and report this information in their 2011 Annual Report due to the Department by January 31, 2012.

This is a one-time approval which will expire December 31, 2011. If additional transfer requests are needed, separate requests will need to be submitted to the Department for review and approval.

If you have any questions, please contact me at (920) 662-5460 or amy.callis@wisconsin.gov.

Thanks,

Amy S. Callis
